

**Title**

VALUES EXPLICIT AND IMPLICIT IN THE WESTERN NEWFOUNDLAND MODEL FOREST

**Model Forest**

Western Newfoundland Model Forest

**From**

February 1997

**To****Keywords**

Sustainable Development, Values, Public Participation.

**Objective**

To examine the values that are the basis for decisions in the WNMF and to examine the public's perception of their role in the WNMF decision making process.

**Description**

This project is an examination of the social, economic and ecological values of sustainable development from international, national and provincial perspectives. The WNMF's understanding of these values was ascertained by examining documents produced by the WNMF that explain its goals and objectives, examining the WNMF's integrated resource management process, and the analysis of data collected from two surveys.
