

Title

COMMUNITY INITIATIVES

From

2003

To

2005

Keywords

Foray, Forager, Specimens, Identification

Objective

To collect, compile and identify mushroom species in Newfoundland and Labrador.

Description

The Mushroom Foray is sponsored by the Department of Environment and Conservation, the Hon. Tom Osborne, Minister, Gros Morne National Park and the Western Newfoundland Model Forest. Mushroom enthusiasts forage the autumn woods of Gros Morne National Park and the Labrador Straits for species to be identified with the help from experts. The Foray is co-sponsored by the Humber Natural History Society, HNHS, and the North America Mycological Association.
