

**Title**

NATURAL DISTURBANCES REGIMES IN WESTERN NEWFOUNDLAND

**Model Forest**

Western Newfoundland Model Forest

**From**

November 2002

**To****Keywords**

Aerial Photography, Historical Harvesting Maps, Crown Lands, Newfoundland Forest Service.

**Objective**

Paper search for resource material on the topic reconstruction of forest vegetation due to natural and harvesting disturbances.

**Description**

Research on the topic was conducted through various NL government departments, SWGC and the Corner Brook Museum. The purpose of this research was to find resource material which is available in the form of:

- 1) Older aerial photography
- 2) Forest type maps
- 3) Historical harvesting maps
